2012 CONBELL NATIONAL SECONDARY SCHOOLS MATHEMATICS COMPETITION

SOLUTION

(JUNIOR C.) ①

1. Given that $a = \frac{1}{2}$ and $b = \frac{1}{4}$, which of the following has the greatest value?

Soln

$$ab = \frac{1}{2} \times \frac{1}{4} = \frac{1}{8}$$

$$a+b = \frac{1}{2} + \frac{1}{4} = \frac{2}{4} + \frac{1}{4} = \frac{3}{4}$$

$$a/b = \frac{1}{2} \div \frac{1}{4} = \frac{1}{2} \times \frac{4}{1} = 2$$

$$b/a = \frac{1}{4} \div \frac{1}{2} = \frac{1}{4} \times \frac{2}{1} = \frac{1}{2}$$

$$(ab)^2 = \left(\frac{1}{2} \times \frac{1}{4}\right)^2 = \left(\frac{1}{8}\right)^2 = \frac{1}{64}$$

It can be seen that 2 is the greatest number.

\therefore Ans = $\frac{a}{b}$ (C)

2. Andy's average score on the first four mathematics tests of the term is 92. If he earns a score of 77 on the fifth test, what will his new average be?

Soln

$$\sum f = 4, \bar{x} = 92$$

$$\text{But, } \sum fx = \sum f \times \bar{x}$$

$$= 4 \times 92 =$$

$$\sum fx = 368$$

When 77 is added,

$$\sum fx = 368 + 77 = 445$$

$$\sum f = 5$$

$$\therefore \bar{x} = \frac{\sum fx}{\sum f} = \frac{445}{5}$$

$$\bar{x} = 89$$

(E)

3. The population of a village in Edo State is 5846. Express the population to 3 s.f.

Soln

$$5846 \Rightarrow 584\overset{4}{6}$$

$$\Rightarrow \underline{5850}$$

(C)

4. Find the sum of the 3rd and 5th terms of the sequence whose nth term is $3n+1$.

Soln

$$nth = T_n = 3n+1$$

$$5th = T_5 = 3(5)+1 = 16$$

$$3rd = T_3 = 3(3)+1 = 10$$

$$\therefore 3rd + 5th = 10 + 16$$

$$= \underline{26} \quad (D)$$

5. Mark travels 30km due North and then 14km due West. What is Mark's new distance from the origin?

Soln

$$x^2 = 30^2 + 14^2$$

$$= 900 + 196$$

$$x = \sqrt{1096}$$

$$x = \underline{33.11} \quad (C)$$

**For the remaining part of the solutions,
contact: Tests Administrator, ASSURE
Educational Services, Lagos –
07063397940, 08050701465**

**ASSURE Educational Services will conduct
online mock tests for students preparing
for the 2015 Cowbell National Secondary
Schools Mathematics Competition, to
ascertain their level of preparedness for
the competition.**

**Registration is in progress. To register,
contact: The Tests Administrator, ASSURE
Educational Services, Lagos –
07063397940, 08050701465 –
